

Lander Trails Charrette Agenda
Friday, April 5, 2019
Lander Community Center
10:00am – 3:00pm

Meeting Organizers

Wyoming Pathways
UW Ruckelshaus Institute

Desired Outcomes:

- A. Provide a summary of current conditions, agency plans, and generate a consensus on issues and needs.
 - B. Identify trail system needs, both summer and winter, regarding planning, access, maintenance of existing trails, construction/reconstruction, signing, data collection, and use management.
 - C. Generate a set of consensus goals for the Lander area trail systems that will help guide future planning and funding activities.
 - D. Generate a list of high priority trail system priorities for focusing resources.
 - E. Identify Lander area trail system partners and volunteer organizations willing to address priority needs, and steps to encourage community trail stewardship efforts.
 - F. Provide the community and local land managers with a summary report of the recommendations.
-

10:00 Welcome and introductions
